

**A MESSAGE FROM THE STUDENT
PRESIDENT:**

Happy March Everyone!

Spring is around the corner and with a change of season comes an opportunity to reevaluate our goals and continue to strive towards our purpose. Lately, I have encountered many instances where I hear excuses are inhibiting others from obtaining their success; I implore you to rise above any excuses that come your way by taking steps to overcome any tribulations that may stand in your path. In no way am I saying you have a magic wand to wave your challenges away but what I am saying, there is always a way to reach your target. Sometimes it takes strategy and most importantly it always takes dedication.

In the words of William Glasser...

"We almost always have choices, and the better the choice, the more we will be in control of our lives"

You can do absolutely anything!!
